

the home automation system you program with an APP

25th
ANNIVERSARY
1992 - 2017

iCasaMia

...the domino system you can now also program via an APP

iCasaMia is an application that now allows you to program the domino system using iOS devices.

By connecting to a DFAPP gateway you can now immediately get into contact with the modules you have in your home.

DFAPP has an integrated access point to cope with the problems arising from a lack of data network on site.

DFAPP has **WiFi** integrated!

because on site there is no network

simplicity

... user friendly interface

Thanks to the simple and intuitive iCasaMia interface, programming a domino system is even more within the reach of everyone.

Duemmegi offer 25 years of research & development. Our automated home systems will transform your home into a modern living space that epitomizes sophistication and style

features of the APP

-  automatic addressing of modules
-  checks on output connections without programming
-  resident programming of modules in the field, not in the DFAPP gateway
-  you can also save a back-up copy of the programming with comments in the DFAPP gateway
-  immediate availability of the program to copy it, read it and re-write it

flexibility

... not only for the installer,
also for the end customer

iCasaMia is designed not only for the installer but also for the home owner, and that's why it is divided into two parts:

Back-End

dedicated to the installer for programming and is protected with a password

Front-End

for normal use by the end customer

Download free from Apple Store

Soon available also on Google Play

installer side

... some of the programming possibilities via APP

Lights on/off

Climate
with timer-thermostat

Meteo Module

Scheduler

Dimmer

iGlass
Civil series in glass with capacitive technology

DMX

Irrigation

Shutters

Multifunction modules
configure outputs such as
on/off or shutters

Control loads
upto 8 loads

end customer side

... configurations for home owners

Rooms

Program the various rooms such as the lounge kitchen, bedrooms and association of utilities
